

# Video Briefings

## Are you looking for an innovative way to send a Christmas message?

StreamCity is pleased to offer Video Briefings – a specialised online video production service for organisations that want to stand out. Whether you wish to thank your customers for their business or your staff for their contributions, Video Briefings will meet all of your needs.

What's more, by using Video Briefings between September and December, you will be helping to change the lives of disadvantaged young people across the UK, as StreamCity will donate £500 from each order to The Prince's Trust.

## How does it work?

StreamCity will professionally manage the process from start to finish. As soon as the location is agreed, we supply everything that is needed; broadcast quality equipment, lighting and autocue if required. We can even give you a choice of background by filming on a green screen.

## How long does it take?

Our experienced team will ensure the process is as efficient as possible. Average filming time is 30 minutes and from then, your message will be processed and delivered within 48 hours.

**StreamCity deliver video from its servers, which currently serve over 10 million minutes of corporate video per month. To view an example and for more information, visit <http://www.streamcity.co.uk/showcase.html> or call one of our team on 0845 0 80 80 81.**

## The Prince's Trust

**The Prince's Trust reach into the most disadvantaged communities and focus their efforts on young people who need their support the most. They find the young people, aged 14 – 30 years, who are struggling at school, are in or leaving care, are long-term unemployed or have been in trouble with the law, but who want to change their lives for the better.**

**The Prince's Trust helps 100 more young people every day and almost three in four young people helped by us go on to find work, education and training.**

StreamCity will pay £ 500.00 per Video Briefing sold to Prince's Trust Trading Limited.  
The total amount paid to the Prince's Trust is expected to be £ 10,000.00
